

# NO ONE HOSTS AS MANY TECHNOLOGIES IN THE CLOUD AS CONNECTRIA

## Choose among Connectria Hosted Clouds or Managed Clouds on Microsoft Azure or AWS

We know how you feel. Everywhere you turn, it seems as though another cloud provider crops up claiming their solution to be the best. It can be hard to distinguish real value versus the hype. Connectria has provided reliable and secure cloud solutions since 2005. And prior to that, we were the first hosting company to offer virtualization with VMware Hosting.

Today, Connectria provides companies around the world with cloud solutions across one of the widest range of technologies in the industry. We've also partnered with leading global public cloud providers including Microsoft Azure and Amazon Web Services to provide our customers choice. It's what you'd expect from a company that knows hosting inside out.

# FINALLY, A CLOUD YOU CAN CALL YOUR OWN.

Connectria has been providing cloud solutions to customers worldwide since 2005. Our roots in virtualization run deep, as we were the first hosting company to provide VMware Hosting. In fact, Connectria has been on the forefront of cloud hosting and boasts many firsts:

- 1st company to deliver Private Cloud Hosting in 2005.
- 1st company to deliver Hybrid Cloud Hosting in 2008.
- 1st company to deliver fully automated High Availability Public Cloud Hosting in 2008.
- 1st company to deliver Citrix XenApp Cloud Hosting in 2008.
- 1st company to deliver Citrix Hosting in 2004.
- 1st company to deliver HIPAA Compliant Cloud Hosting in 2007.
- 1st company to deliver IBM i (iSeries) & IBM AIX Cloud Hosting in 2012
- Public Cloud Ranked 1st in Performance by CloudSleuth in US - 2012
- Public Cloud Ranked 4th in Performance by CloudSleuth Worldwide - 2012

Today, Connectria supports a variety of cloud platforms and options backed by one of the strongest Service Level Agreements in the industry.
