

## SOLUTION BRIEF

# MANAGED AZURE

Microsoft  
Partner

Gold Cloud Platform  
Gold Datacenter  
Gold DevOps  
Gold Application Development

Leverage the full potential of Azure with 24x7x365 security and performance monitoring, advanced compliance services, cost optimization, and administration for your Azure cloud infrastructure.

### Take the Complexity out of Managing Azure

Azure delivers some of the most advanced cloud computing solutions in the world, but for many organizations, the public cloud can be challenging to implement and manage. This is especially true for organizations that must maintain the highest levels of security or compliance with industry regulations and standards.

Our comprehensive suite of managed services gives you the ability to focus your IT resources on product and service innovation, while we handle the day-to-day administration, security, compliance, and the optimization of your infrastructure.

Our managed services include...

- ✓ Customized monitoring, alerts, restarts, and escalations
- ✓ 24x7 security administration and intrusion protection
- ✓ Advanced compliance support
- ✓ Access to the TRiA cloud management platform

### We're Committed to Your Compliance

As your partner, we're mutually invested in the security and compliance of your cloud. We have helped customers across industries reach and maintain compliance according to standards and regulations like: **PCI DSS, HIPAA/HITECH, HITRUST, GDPR, FERPA, FISMA**, and more.

Our 100% on-shore Security Operations Center (SOC) will provide 24x7 monitoring for your Azure applications and data to support and protect ensure the continuous security and compliance of your cloud. We'll also set up custom alerts and routines to address your unique requirements, and provide in-depth assistance with your annual compliance audits.

"We felt the combination of Azure's strengths along with Connectria's extensive knowledge of managing and supporting Azure in a HIPAA compliant environment aligned very well with our long-term business direction."

**Joe Lester**  
Exec. VP of Technology  
ePreop

## Shared Responsibilities
